### OLIVE BRANCH

Offered by the Government to IS HELD CONSTITUTIONAL  
the Wine Growers of France.

At Paris, France, June 11, in the Chamber of Deputies Finance Minister Caillaux announced the government's determination energetically to suppress the wine frauds, and held out the olive branch to the growers by saying that the government was prepared, as an inducement to abandon grape growing in favor of other crops, to remit the land taxes in such cases for five years.

### Recount Bill Signed by Governor.

Governor Hughes, of New York, signed the New York City recount bill, providing for a recount and recanvass by judicial process of the ballots cast for the office of Mayor at the election in New York City, in November 1905.

### Dies at Paintsville.

At Paintsville, Ky., June 18, Mrs. Lima White died. The remains were taken to Winchester for burial. She was the wife of J. L. B. White, a contractor of Winchester.

### NEW SALOON LAW

Pendleton Whisky Act in Tennessee Upheld and Three Big Cities Will Go "Dry."

In a test case at Bristol, Tenn., Chancellor Haynes declared the Pendleton whisky law, which gives municipalities the right to abolish saloons, to be constitutional, notwithstanding the omission of the words "State off" from the enacting clause of the bill. This means that Knoxville, Bristol and Jackson will join the column of dry cities.

### 6,000 Soldiers on Duty.

At Paris, France, June 19, six thousand picked soldiers held the entire vine-growing country. The winemakers are up in arms over the effort of the Government to control their industry.

### Dry.

The Court of Appeals on Wednesday decided that Mayslick is "dry" with the balance of the Magisterial district.

### TROUBLESOME

#### WEED SPREADING.

IT RUINS ALL VEGETATION.

Way to Kill It Is To Sprinkle Salt Around It or Burn With Straw.

#### ABUNDANCE OF SMALL SEED.

It grows about ten inches high with a main stem which produces an abundant supply of seed as small as tobacco or mustard seed and has a long oblong root with a cluster of small roots, above the apex of which is a cluster of outward branches in the form of diminutive grass blades, approaching in color and size the finer blades of timothy. The plant is destructive to all other vegetation which fails of a luxuriant growth whenever the presence of the weed is noted. Stock of all kinds avoid it and refuse to eat it. It does not seem to be affected by drought and is usually found in clover and timothy meadows, and in fields recently sown to bluegrass.

#### WEED SPREADING STEADILY.

It has never been noticed in great quantities in bluegrass pastures thickly set to bluegrass, but its steady spread is becoming alarming and farmers are nonplussed as to the best methods of eradicating it. Readers who have had experience with the weed are invited to give their method of extermination. Ed. Fishback, of Pine Grove, Ky., and D. C. Lisle, of Bourbon, prominent farmers and close observers, have had considerable experience with the weed and say the most successful method of combatting its spread is to sprinkle salt liberally on the ground where the weed has gained a foothold, and by covering it with straw and burning the straw.

Politicians will heed popular demands.

### SUICIDE.

#### FIRES BULLET INTO HIS BRAIN.

Head of the American Tobacco Company Takes His Own Life.

Charles C. Vogt, head of the American Tobacco Company in Kentucky and one of the most prominent business men in Louisville, committed suicide Wednesday by shooting himself.

Mr. Vogt had been ill health for a couple of years, ever since his wife died.

He was formerly manager of the John Finzer Tobacco Company. When that Company was merged with the American Tobacco Company he became State manager.

#### Taxable at Residence of Trustee.

The Court of Appeals affirmed the judgment of the Fayette Circuit Court in the cases of Kate L. Higgins. The question involved in these cases is "is intangible personal property, such as notes, mortgages and bonds, held by a trustee in this State, taxable for taxation at the residence of the trustee when the owner is a non-resident?"

The court rules that such property is taxable at the residence of the trustee upon the ground that the property enjoys the protection of the law of the place where he resides. Judge Carroll wrote the opinion.

Doan's Regulates cure constipation without griping, nausea, nor any weakening effect. Ask your druggist for them. 25¢ per box. 47-44

#### Business Men Killed.

Thomas Trevor, Superintendent of the H. & S. Pogue Dry Goods Company, of Cincinnati, and his brother, Alfred, of the same company, were killed in an automobile accident in that city on Tuesday night, June 18. The men were going at a high rate of speed when the machine struck a telegraph pole.

### PREACHER

TO BE CHIEF OF POLICE. WILL TRY PLAN OF PUNISHING SALOON-KEEPER WHO SELLS THE LIQUOR.

Will Hold Place a Month, and

Will Clamp on "Lid."

What is believed will materially reduce the number of cases in the Paris police court for drunkenness is a new process evolved by the presiding judge of that court, Judge E. T. Hinton.

The object is to correct the inebriate who frequently visits the judicial sanctum. Heretofore the fines imposed have been productive of no benefit, the offenders reappearing at short intervals. In the future when such offenders are brought into court his honor will notify every saloon keeper in the city that such a man is an inebriate and request that no more whisky or intoxicating drinks be sold him. Should the fail of the desired results, then the offender will be required to tell where he secured liquor with the result that the party selling will be amenable to the penalties of the law.

## A PLEA.

We are unalterably opposed to raising revenue by the licensing of saloons, whether such action be resorted to by city, county, state or national authorities. For 30 years the writer has been a total abstainer from intoxicating liquors. He has counseled against, opposed and fought the whiskey business, yet at no time has he sought to do harm to or cherish unkind feelings toward the misguided men who are in the business. They are among the men for whom Christ died. When we consider that man was made in the image of God and endowed with such powers of body and mind and heart as will enable him to walk with God, to be a blessing to himself and his fellow men, to be a honor to his community, we are grieved to know that any man or set of men will engage in a business that is the direct cause of more bloodshed, strife, heartache, unhappy homes and other sorrowful facts than result from any other business or occupation of men.

We have tried to show that there is an honorable life for these, a high mission, a record to be faced at the last day when all men must give account for the deeds done in the body.

Again we appeal to saloonists to walk in a blessed way, to help build up instead of to tear down, to help bring joy instead of sorrow, to help win heaven for themselves and others, instead of tempting, forcing and rushing into hell.

We would persuade rather than abuse; we would lead rather than drive; we would have their willing service rather than a forced service.

## NEW KENTUCKY.

The Reporter of this city, commenting on Republican State convention, says:

"A. E. Wilson, our Standard-Bearer for 1907, in a most forceful argument, so thoroughly pictured out his campaign, until everybody present could see the New Kentucky in all of its grandeur and splendor. His promises were not extravagant and were only such that the most sanguine politicians might hope to accomplish."

## LIQUOR DEALERS PREPARING FOR FIGHT.

"Atlantic City, N. J., June 21.—Injection of anti-saloon sentiments into the platforms of both great political parties in the next national campaign was predicted at last night's session of the National Wholesale Liquor Dealers' Association in this city.

A call was made for the federation of liquor interests in the United States, not only to meet the present sweep of prohibition agitation, but to prepare to check the movement in the Presidential conventions of 1908, speakers declaring that the growth of the crusades against liquor will force the party leaders to recognize the necessity of placing some "platform doctrine" dealing with the subject before the people at the coming election.

The organization of a great campaign fund to meet the new conditions was advocated by the protective bureau of the association, and big contributions to this fund from every liquor interest were urged."

The edict has gone forth. America must be free from the curse of the legalized saloon. Kentucky will do herself honor by blotting out the traffic. Her congressional delegation should be unanimous in demanding such interstate commerce law as will protect our state from whiskey men in other states. Gov. Beckham was nominated for United States Senator by temperance men and because of his stand for temperance. The extension of the County Unit Law will be urged by the Democratic and Republican parties in Kentucky this year, and we expect to see Kentucky line up solid for temperance. She has been disengaged and her people damned by the legalized trade.

City, county and State officials are persuaded to stand for the redemption and elevation of our boys and girls. If the devil gets hundreds of men long addicted to excessive use of intoxicants, let us save the young generation.

Get on the band wagon.

## BRIGHTER.

Because they violated the Sunday closing laws, suffered gambling and conducted a disorderly house, the Linnville Brothers had their licenses revoked and will be unable to continue business at their saloon during 1907 unless they pay the entire cost of a new license, \$150. When the hour of inquiry came they and their attorneys failed to appear. Their attorney told City Attorney they were guilty, hence Mayor Combs, of Lexington, revoked their license. The Mayor said:

"I mean to see that the place is conducted in accordance with the law. If I have another complaint, I will shut down that saloon as tight as a drum."

We congratulate the Mayor. Perhaps the saloon element in Lexington will learn that they must regard the law and their oaths.

The Kentucky Press Association, in session at Estill Springs, by forcing the motion to adjourn to put the house and carrying same, refused to take position by resolution on the temperance question; giving this as their reason: The temperance organization is as much a political party as are the Republican or Democratic parties and to resolve in favor of resolutions of either would tend to destroy the very object of the organization. The great majority of the membership present were favorable to the temperance wave now sweeping the country, having engaged in local option and anti-saloon contests and will continue in the warfare against the saloon, for the observance of Sunday and for higher morals.

## A REJECTION.

Last week we received from an advertising firm in a Southern city a \$15 check, advance payment for an advertisement desired by them. As our columns are not open for advertising saloons we could not accept the service. We do not increase our business that way.

## A CONGRATULATION.

Whatever of fact, rivalry, discord, crimination and recrimination have existed or in coming campaigns may occur in the dominant political parties in Kentucky, there is at least one question on which there seems to be much of agreement, both as to results accomplished.

The last Legislature passed the Cammack County Unit Bill, the most pronounced advance in temperance legislation for years. This bill received the hearty support of some members of both parties. Some opposed it. We are thankful for what each party did and regret that any member of either party saw fit to oppose the measure. Public sentiment has been aroused, consciences have been quickened, indifference has changed to earnest effort, and today the enforcement and extension of the County Unit law is advocated by the Democratic and Republican standard bearers. As is well known the Democratic candidates for State offices were nominated by a primary election without a formal declaration of principles and intentions through a platform, but their leader, the candidate for Governor, S. W. Hager, in a public letter, says:

"I heartily approve the action of the last Democratic General Assembly in passing the County Unit law, and will favor such development of said law as will fully meet the demands of the people of the Commonwealth." In this he is said to voice the sentiment of other candidates with him on the ticket. They will no doubt, in due time, fully express themselves.

The Republicans in State Convention adopted a platform and selected their candidates. We print that platform on last page, Section 9 of the platform reads: "We favor the enactment and enforcement of a uniform local option law, with the county as the governing unit."

Thus is briefly set forth the declaration of both parties; one through its leader, the other through its platform.

We now ask that the representatives of these parties be credited with sincerity, truthfulness and intent to secure for Kentucky the greatest good that may result from the enactment and enforcement of temperance laws.

Let there be no unkind insinuations, or hasty suspicions, or parson antagonisms, or selfish calculations as to what either party has or has not done or may or may not do in the redemption of our fellowmen, for whom Christ died, from the temptations and slavery of Sunday closing laws.

On Monday in Police Court he

was fined \$50 and cost. He now goes before Mayor Combs. Good bye. He will be looking for another job.

## KENNEDY'S

CALL THERE.

It is said on the authority of Gov. Beckham's closest friends that he will appoint only three officials in the Louisville matter.

Mayor, County Judge and Police Judge. These were designated by the Court of Appeals. Here he will rest leaving the balance of the appointing job, free from any suggestion from him and to his appointees. It is said the Governor has adopted this course not that he would shirk responsibility, but because he thinks it to be in accord with the high court decision, the literal construction of Judge Lassing's opinion, as approved by a full Court.

Does Mt. Sterling want schools?

We have a man in our midst who can build up a great one. He will need help. Shall we give it? The amount of money distributed by the boy and girl patrons would be emoluments from that source. Let's have the school.

In the Male High School, in Louisville, two prizes of \$25 in gold each, were awarded in the senior and sophomore classes. The first was awarded to J. S. Lyons, son of Rev. Lyons, formerly of our city. The subject of his essay was: "The Care and Activities of Thos. Jefferson." The second went to Carter Logan, son of our friend Hume Logan at whose home the writer was entertained last September during a missionary convention. In his essay he considered: "Why the Canadian Colonies Did Not Join the Other North American Colonies in Their Fight Against Great Britain."

Our party is wishing for many happy returns.

The President's address was of great interest and was thoroughly enjoyed, and Tim Needham's poem was real juice.

"The Press and the Government" by Geo. A. Newman carried with it both the power and dread of the press.

Round table conducted by Ed. Shimnick, "The Thoughts That Pay in a Country Office," brought some valuable suggestions.

Our best men were present and made many valuable contributions.

The reception Monday evening was followed by music and dancing. Tuesday evening, German in the large ball room; Wednesday evening, banquet. Thos. C. Underwood, toasting master, was really grand, and would have been creditable to our largest and more pretentious society cities.

The Association has taken steps looking to supplying of wood for pulp used in the manufacture of paper. Also an effort may be made to establish a firm that will furnish stock at a more reasonable price than the present figures.

A committee was appointed whose business it will be to bring matters of vital importance both to the press and the people generally to the Legislature.

This was a great meeting, right down to business; not a drop of liquor with any of the members. We expect beneficial results from this meeting.

## Government Enters Suit Against Monon for Exchanging Mileage for Advertising.

A test to determine whether the railroads have the right to grant interstate newspaper transportation in payment for advertising was begun at Chicago on June 20 by the Government. District Attorney Sims, representing the Interstate Commission, filed suit against the Chicago, Indianapolis and Louisville railway, asking that the road be enjoined from carrying out a contract for transportation made with a magazine.

## Kentucky Press Association.

On Monday afternoon, June 17, the Kentucky Press Association convened at Estill Springs, 150 miles from Louisville. The Address of Welcome was by Hon. Hugh Riddell, of Irvine. It was historical in style and well said. The response was by W. B. Haldeman, of Louisville, in his pleasing manner. He paid an eloquent tribute to Judge Robert Riddell, who has for many years been a constant wearer of judicial ermine, and has kept it free from stain. The Association then adjourned until Tuesday morning.

The Springs are kept by L. C. and J. E. Riddell, men of experience, and who know how to keep springs hotel perfectly. The usual complaint of a few cranks in a large assembly like this was unheard. The service, the fare, the rooms were perfect, contributing to the joy and comfort of the guests. The buildings are situated at the base of a mountain, a woodland unsurpassed for its natural beauty, while beds of flowers decorate the handsome and well-kept yards. It has been truly said "The hotel and cottages are models of comfort and cleanliness." Estill Springs well deserves her fame, awarded from merit. Here pleasure seekers find that which contributes most to their joys; the weary and worn from a long business confinement find rest; the sick a panacea for their ills; the old and infirm are returned to youth; the student and the delving scholar find food for a fertile brain.

In the party were J. W. Hadden and wife, Miss Bruce Chiles, of this city, and Miss Cyphie Kern, of Paris with them.

In comparing the scenery about Estill Springs and that along the Kentucky River valley, it was decided to be favorable to that of the Hudson River. It is a reality surpassing the dreamer of the Alps. Our party is wishing for many happy returns.

The President's address was of great interest and was thoroughly enjoyed, and Tim Needham's poem was real juice.

"The Press and the Government" by Geo. A. Newman carried with it both the power and dread of the press.

Round table conducted by Ed. Shimnick, "The Thoughts That Pay in a Country Office," brought some valuable suggestions.

# THE LINE BETWEEN

## Stein-Bloch and Hamburger Clothing

And other ready-to-wear clothing is so great that even poorest judges of merchandise can at once see the difference, to say nothing of the discriminating buyer, who long ago learned that all things are classified and that all standard goods are labeled. The labels on the Stein-Bloch and Hamburger Suits stand for a half century's work, worry, system, and knowing how; a half a century's combined efforts of labor and capital, to make and keep them the foremost ready-to-wear clothes in the world. They stand today in a class that is strictly their own, and of their own making, they are different, and if they were not different they would not be here; and again, if Walsh Bros. could not sell different clothes from other stores, they would not be selling clothes. To the man who lives in this great country, who is carrying the high-priced tailor's burden, or shoddy tailor's raiment, we know there is a reason for your sorrow. Perhaps some years ago you bought ready-to-wear clothes from some unscrupulous store who cared not for fit, style, fabric, or you, and you have since camped out. We want you; we want you to return to ready-to-wear clothes, to come to our store and see the great progress your country has made in the tailoring of ready-to-put-on apparel. It is worth your while, and the more discriminating you are the more capable you will be of appreciating the art of our offerings. COME TO-DAY.

The great Stein-Bloch Suits and Outing Suits in the English sack coats, made with broad, elegant shoulders, new style set pockets, new style cuffs on sleeves, with deep gorge collars and broad lapels, closing with 3 buttons that are set close together; new 3 and 4-button vests with or without flaps on pockets; and the latest cut trousers that are especially tailored for spring and summer wear. The greys, blues, browns and tans which are so popular this season in fabrics for men's clothes show up beautifully in the English Sack. Stein-Bloch Suits as low as

The celebrated Hopkins Straw Sailors and Panamas are now on sale. We show the only line of straws coming direct from the makers and the largest line in the city. The new bleached enameled process used by the Hopkins people gives life and luster to the straw. Their styles are authority and their hats are sold by the best stores everywhere. We have the sole agency for Hopkins Straws and Panamas here.

The Manhattan Shirt, the Eclipse Shirt and our own Custom Goods offer a collection that comprises every want of man in shirts. The colorings, the combination weaves, the inter-lining of stripes and bars, the bold plaid cover every inch of shirt thought. We carry all sizes and sleeve lengths. We show the separate collar and attached collar styles with plain or turn-back cuffs, shirts cost open front or open back. Our large collection enables us to fit and suit every customer. A look here will satisfy.

### Two Cents a Mile.

Passenger rates on all railroads of the United States will be reduced to two cents a mile. This was the decision reached in Chicago Friday after a long discussion by railroad presidents of all the Western and transcontinental roads. Following the meeting, officials of several of the roads admitted that they had been forced to bow to public opinion and anti-railroad legislation.

### Not Hungry.

The twenty-second day of total abstinence from food was completed on June 22 at Belleville, Ill., by Dr. I. L. Neals, who instituted the fast because he thought it would benefit his health. No other nourishment than plenty of double-distilled water has passed his lips in that time. From 191 pounds weight he has reduced to 168½.

### Damage Suits.

Suits for damages aggregating \$150,000 or \$60,000 more than the original cost of the road have been filed against the Cincinnati, Flemingsburg and Southwestern railway by sufferers from the wreck on May 10, when two persons were killed and seventeen injured, near Flemingsburg. The L. & N. road, the lessee of the other line, is also included in the suits.

# FLUE CURING IMPROVES TOBACCO LIKE ROASTING IMPROVES GREEN COFFEE

## Flue Curing Develops the Stimulating Aroma and Taste Found In Schnapps that Satisfies Tobacco Hunger

There are three ways used by farmers for curing and preparing their tobacco for the market; namely, sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured. In flue-curing the tobacco is taken from the field and suspended over intensely hot flues in houses especially built to retain the heat, and there kept in the proper temperature until this curing process develops the tobacco's stimulating taste and fragrant aroma found in Schnapps tobacco, just as green coffee is made fragrant and stimulating by the roasting process. Only choice selections of this ripe, juicy flue cured leaf, grown in the famous Piedmont country, where the best tobacco grows, are used in Schnapps and other Reynolds' brands of high grade, flue cured tobaccos.

**Auditor Hager Will Accept Disputed Bank Taxes.**

State Auditor Hager has announced that he will accept taxes due for this year from the banks of the State with the understanding that if the contention of the several national banks of Louisville and Lexington, that they are entitled to deduction from assessment according to the number of Government bonds they hold, is sustained, he will refund to them, as provided in Section 162, Kentucky Statutes, the taxes paid by them representing the value of their holdings in such bonds.

### MISUNDERSTOOD SITUATION.

Shortsighted Parson (to badly bunkered golfer who has lost his temper) "How my good man, Hugh! I know that your star breaking is a trying and arduous occupation, but surely it doesn't justify you in using that dreadful language!"

### RETURN OF THE BUGLE.

Once upon a time the very sound of the word bugle, as applied to matters of dress, was looked upon as the personification of all that was dowdy and impossible. Even the mean man who wrote novels always represented the most down-trodden of caretakers or tenth-rate lodging-house keepers as wearing black bonnets with bugle trimming, or shabby silk mantles upon which a few bugles still survived to tell the tale of departed greatness.

And now, by a strange turn of fashion's wheel, bugles have actually come back to favor, and we find them in clear crystal, in silver and gold and in various colors, summing themselves in the smiles of the most important couturiers, and preparing even to play a prominent part on the evening frocks of the immediate future and the court gowns of the coming season.

### ILLUSTRIOS SHOEMAKERS.

Germany's new famous captain of Koenigkorn comes of a calling which has given the world some very great men. One authority asserts that the majority of cobblers have exceptional brains—that their attitude when stooping over their tools tends to a cranial development in the —part where the intellectual faculties are seated. Some one has written a book on Illustrations shoemakers. In fact Sir Cloudeley Shovel: Gifford the Terrible; Bloomfield, author of the well-known "Farmer's" —Carey, the orientalist; Admiral Myngs; George Fox, founder of the Society of Friends; John Kitto, the Biblical scholar; Sturgeon, the electrician. The list of illustrious shoemakers runs interminable.

### ILLAMENDED CALENDAR.

To the modern world a "calendar" is merely a harmless necessary record of weeks and days, to bring up on New Year's day and consulted in dating letters throughout the year. It has no such mournful sound as "calendulum" had for the ancient Romans. The original "calendar" of their times was the money lender's account book, so called because interest was due from the debtor on the calendar, or first day of each month. Some speaks of "calendum" as a word invented by the Senate as a word invented outside the course of nature on account of human greed.

### A SWINISH ERROR.

"Of all these errors, I like best one wherein a tea given by a society woman in '97 was called 'a swill affair'."

#### WHISKY SHIPMENTS

**Sent to No One Should Be Stopped, Says the Ky. Court.**

The Court of Appeals on Thursday reversed for a new trial the case of the L. & N. railroad vs. the Commonwealth from Laurel county. The railroad was indicted for allowing whisky to be sold on its premises, the whisky having been shipped by express from Cincinnati, and the agent at the destination in Laurel county was also the agent of the railroad. The court says that under the recent decision of the United States Supreme Court the case comes under the Interstate Commerce law, but that other questions must be looked into on the next trial, especially as to the general custom of the express company in receiving pay for whisky ordered by any one. In other words, the court thinks there must be some way to stop the shipment of whisky into local option districts without violating the Interstate Commerce law and without running contrary to the recent Supreme Court decision.

#### Destructive Cocaine Habit.

There are, it is said, 100,000 cocaine fiends in New York City and in Louisville several hundred. Most of them are young in years. Cocaine fiends are slow suicides. They last after initiation about two and one-half years. They are as much slaves to the drug habit as are men who fall under the morphine or opium spell. Cocaine, unlike morphine and opium, produces a temporary stimulating effect, inducing sleeplessness and banishing fatigue. But in the end the fell drug begets hallucinations, insanity, nervous wreck and death.

The State of New York is taking steps to prohibit the sale.

In the New York American we read:

"A bill making the sale of the drug without a doctor's prescription a felony has passed the Assembly and will doubtless pass the Senate."

Every State and city quarantines and makes regulations against deadly disease. But the cocaine habit is a more deadly scourge than any disease. It wrecks not only the bodies, but the minds and character of its hapless victims. From it they should be delivered by law. —Louisville Herald.

#### Robbed--Too Much Booze--Three in Jail.

On Monday of last week (Court day) Henry Ewing, colored, who lives near the Bath line, came to town, filled up on whisky, went to sleep and was robbed. When he came to himself he informed Policeman McCormick and accompanied him to a negro dive. McCormick arrested Mama Hunt, Lizzie Jackson and Henry Wheatley after they had claimed innocence and also promised to return money if that would satisfy Ewing. Lizzie Jackson gave up \$21, and Mama, who said she was innocent but would be willing to get money, forked over \$20. These and Wheatley were brought before Judge Kemper, who held them on bond of \$200 for Circuit Court. Wheatley furnished bond.

#### Twelve Men Will Hang This Week.

Unless Gov. Folk intervenes to save their lives, even dozen men will be hanged in Missouri during the week. One novelty of criminal history will be the triple execution of the convicts who killed two prison officers November 24, 1905, in an attempt to escape from the penitentiary at Jefferson City. The verdict of death has been confirmed by the State Supreme Court and the hanging set for Thursday. Others under sentence of death are the following: John and Amble Brooks, brothers.

#### MAY SELL TOBACCO FOR FARMERS

#### Commissioner's Ruling Important to Kentucky Growers.

Commissioner of Internal Revenue Capers has announced a ruling which is of importance to tobacco farmers in Kentucky. In part it is as follows:

"It is held that a farmer may sell tobacco of his own growth or that which he receives from his tenants, without restriction as to the quantity or the business of the person to whom the tobacco is sold or delivered. This privilege is one which the farmer can not delegate to another person. Where a grower of tobacco sells his crop before it is severed from the land, the purchaser is not privileged to resell it to consumer without payment of the tax.

"A farmer may place his tobacco in the hands of a qualified dealer to be sold on commission, and such dealer must sell it only to other qualified leaf dealers, or manufacturers or purchasers for export. Any arrangement made by a farmer or a number of farmers with another person to sell and deliver their tobacco while traveling from place to place would be in violation of law. An agent may travel and solicit orders, but he may not deliver the tobacco to purchasers nor sell tobacco on commission.

"All tobacco sold by an agent for the farmer who raised the tobacco must be delivered by the farmer, and not the agent, directly to the purchaser. A farmer must sell his tobacco in the condition in which it was cured on the farm and can not stem, twist, plait, roll, sweeten or otherwise manipulate it for sale to consumers. The farmers of leaf tobacco are not required to pack the leaf, but may sell it in the hand or in such other state as they may desire in its natural condition."

#### Heavy Storm.

The heaviest wind and rain storm of the season visited this place, Thursday, June 20. Rain fell in torrents for 11 hours. Page and Hiram's branch were fuller than ever before. Crops and fences were all washed away. All the oil and gas lines crossing these streams were washed away. A yoke of oxen were drowned, belonging to Sheriff J. W. Cox, eleven derricks were blown down and broken to pieces in the oil field. Reed Bros. Show was in progress, the tents were blown down, women and children were run over and knocked down in the mud and all were drenched. Fortunately no one was seriously injured. —Campbell Courier.

**Des Moines Will Do Away With Mayor, and Commission of Five Will Govern.**

By an overwhelming majority, the citizens of Des Moines, Iowa, adopted what is known as the "Des Moines plan" of government. The new plan provides for an elimination of the ward system, with its Aldermen, Mayor and other elective officers, and the election by the city as a whole of five Commissioners, all of whom shall give their entire time to city affairs, one as Mayor and the other four as heads of departments. All other officers are made appointive.

#### Is It Right?

Is it right when a man who has subscribed for and has been taking a paper notifies the P. M. that he no longer wants the paper and refuses to take it out of office? No! He should pay what he owes and quit like a man. A subscription for a paper is a small transaction, but the adjustment of the account involves as much honor and honesty as if the debt were for a house or a farm.

## DEATHS.

Megalone—S. M. Megalone, a merchant of Lexington, died on Thursday.

Roger—Charlton B. Roger, aged 64 years, of Louisville, died suddenly at Estill Springs on Saturday. He was born at Lexington.

Darney—Ninety and four years of earth's joys and blessings, responsibilities and trials is an allotment not granted to many, but that is soon passed and we fly away. Miss Ann Dabney lived for about ninety and four years. She died at the country home of Campbell Gibson on Wednesday, June 19, 1907. The funeral service was conducted by Rev. E. O. Guerrant, of Wilmore, Ky., and burial was at Springfield.

LITTLE—Jas. R. Little and wife have a daughter, aged 16 months. On Thursday, at their home on the Levee pile, the little one strolled from the house into the yard. A brother gave attention to her and then resumed his work. Again the child went away. When missed, search was made, and the child was found drowned in the spring. On Friday the remains were taken for burial to their former home in Morgan county. In their sorrow they have the assurance that their babe is safe in the heaven home.

Chautauqua.

The Chautauqua opened at Lexington last night. Departing from usual custom there will be no morning sessions, except on June 14. A fine program has been arranged. Dr. Wharton, an experienced leader, will be in charge. A band concert will open the sessions each afternoon and evening. Season tickets sold for \$3. Children 5 to 14 at \$1.50. As usual the assembly will be at Woodland Park in the new auditorium. Programs will be furnished if person desiring to attend will write Clarence Freeman.

Clay Turner, J. W. Frazier and Meyer of Lexington, have formed a company for the manufacture of concrete blocks for building purposes. Capital stock \$10,000. This is a new enterprise for Lexington.

## THE SICK

J. D. Harper's condition is more encouraging.

George W. Moore's condition is without much improvement.

Mrs. Sallie Tinton is seriously sick at the home of Miss Fischer Greene. Her death will soon occur. Mrs. Tipton has been a great sufferer and her instructions to her physicians are to prevent pain and allow her to go and be at rest.

W. T. Moore, for many years with the C. & O. road in our city, is seriously sick. He has been taken to the home of Mrs. Sarah Drake, sister of Mrs. Moore.

J. G. Trimble is improving, but is still confined, unable to stand up or turn himself in bed. If his arm was not broken he would soon try to walk on crutches. He enjoys talking with friends. He has but little pain. Considering his advanced age (84 since June 15) he was fortunate to escape so well. His older brother, Shelton Trimble, of Menefee, has been very sick for some weeks and his death is expected at any time. He was 86 years old on Monday, June 23.

SPOT CASH GROCERY.

**The Farmer's Wife**  
Very careful about her chores. She washes it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her church is sour it will taint the butter that is made from it. This is a change in the stomach and digestive processes which are almost exactly like the changes of birth. Is it not apparent that this is the same situation, and it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth, and the foul breath which it causes, but the progress of the pure current of blood and the dissemination of disease throughout the body.

Dr. Price, a Godsend to the country, makes the soul and foul stomach sweet.

It does for the stomach what the washing and sun bath do for the church—absolutely removes all the existing existing elements. In this way it cures bilious, nervous, eruptions, serpentine swellings, sores, or open eating ulcers, all of all humors, and all diseases.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and listless, are subject to drowsiness, dizzy attacks, giddiness or distress in stomach, constipated or irregular bowels, sour or bitter risings after meals, or appear to have the grippe, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver, or perhaps from a combination of gastritis, or dyspepsia and their attendant derangements.

## WILL SEIZE

### ALL PROPERTY OF BREWERS IN THE STATE.

### Decision of Supreme Court of Kansas is Final on Liquor Question.

The decision of the State Supreme Court of Kansas, in which the Anheuser-Busch Brewing Association was ousted from Kansas and all its property in the State ordered sold by the receivers purposely appointed by the court, was final, and effects a score of other foreign brewing companies similarly attacked.

It is believed that the brewers will apply to the United States Supreme Court. The decision of the court has clearly defined the powers of the State receivers, and they will actively push the seizure of many thousands of dollars worth of saloon and warehouse property in Kansas owned by the brewers.

### Republicans in State Convention Adopt Platform and Nominate Candidates.

### WILLSON HEADS THE TICKET.

The Republican State Convention met in Louisville on Wednesday, June 19, the preliminary work having been accomplished on preceding day.

Judge W. H. Holt was chosen for temporary chairman and ex-Gov. W. O. Bradley for permanent chairman. There were 2,055 delegates entitled to seats; necessary to choice, 1,028. The number present was estimated at about 1200.

Augustus E. Willson was placed in nomination for Governor by Mr. Bradley, who paid him a high tribute. He was the only candidate. His nomination was by acclamation.

Thus, Theobald, of Carter county, named W. H. Cox of Mayville, for Lieutenant Governor and Dr. R. E. Price, Buffalo, N. Y., for a free copy of his booklet of extracts from the book of Miles' Anti-Pain Pills, containing the names of all the ingredients entering into his wonderful medicines and showing the use of the same in the treatment medical men of the age 147 of them.

### WILLSON HEADS THE TICKET.

The candidates for Auditor were C. M. Barnett, of Hartford, Stanley Milward, of Lexington, Frank James, of Harrodsburg, W. W. Bryley from 11th district. After much confusion James was chosen.

For Treasurer only one name was presented, Capt. Ed. L. Farley. Major A. T. Wood speaking for 30,000 Union soldiers, seconded his nomination.

For Secretary of State, S. T. Young and Dr. Ben L. Bruner were presented. Bruner easily won.

For Superintendent of Public Instruction, J. G. Crabbe and J. C. Stapp were called out. The chair proposed that in this race the vote be taken orally. This failed. Then he attempted to have the delegates stand up. This failed. Vote by counties began, but Crabbe was soon nominated.

Commissioner of Agriculture came next. Of the three candidates—Geo. Barker, of Central City, N. C. Rankin, of Henry, D. W. Clark, of Knox, Rankin was chosen.

For Clerk of Court of Appeals, Jno. E. Patrick, of Breathitt, Napier Adams of Paluski, Jackson Morris, of Jackson county, were named. Adams won on first ballot amid great confusion at 1:40 on Thursday morning. Thus all candidates were chosen at one session and convention adjourned at 2 o'clock.

For Governor—Augustus E.

## Great Relief

During that trying period in which women so often suffer from nervousness, backache, sick headache, or other pains, there is nothing that can equal Dr. Miles' Anti-Pain Pills. They stop the pains, soothe the nerves, and give to

**Women**  
the relief so much desired. If taken on first indication of pain or misery, they will allay the irritable condition of the nerves, and save you further suffering. Those who use them at regular intervals have ceased to dread these periods. They contain no harmful drugs, and leave no effect upon the heart or stomach if taken as directed. They give prompt relief.

They have a special formula for 3 pains. I have neuralgia, rheumatism and pains around the heart. By using Miles' Anti-Pain Pill I am relieved of the pain, and get sleep and rest. I am now well again. The Pain Pill when I was first taken recommended them for periodic pains.

For Attorney General—James Breathitt, of Christian county.

For Auditor—Frank P. James, of Mercer county.

For Treasurer—Capt. Ed Farley, of McCracken county.

For Secretary of State—Dr. Ben L. Bruner, of Breckinridge county.

For Superintendent of Public Instruction—J. S. Crabbe, of Boyd county.

For Commissioner of Agriculture—N. C. Rankin, of Henry county.

For Clerk of Court of Appeals—Napier Adams, of Paluski county.

### PLATFORM.

The Republican party in Kentucky, in convention assembled, adopts the following platform:

First—We approve the policies and command the ability, integrity and courage of President Roosevelt and his Administration and, without expressing a preference for any candidate, favor the selection by the next National Convention for President of one in full accord with these policies and who will energetically carry them out in the interests of the people.

Second—We demand that all elections shall be honestly conducted and declare that the cause of good government and the future happiness and welfare of the people of Kentucky are inseparably bound up in the suppression of all abuses and crimes against an honest ballot, that have so unfortunately disgraced our State under Democratic rule, depriving the people of their rightful heritage—representative government.

Third—We condemn the law, passed for immoral political purposes creating the Racing Commission in Kentucky and demand its repeal.

Fourth—We condemn the enactment by the Democratic party of a large number of obnoxious tax laws and the creation of useless offices as the reward of partisan service, and we promise, if given power, to repeal all such laws and reduce the taxes to the lowest possible rate consistent with an efficient administration of the State Government.

CONCLUSION.

For years past the legislation enacted by the Democratic party and dictated by certain of its leaders has not been for the benefit of the citizen, but of the officeholder. The chief aim of such legislation has been continued holding of office and the creation of new offices to be traded in as rewards for party service.

The citizen is at last realizing, as never before, that the administration of public affairs is a business that comes close home to him; that such business must be honestly and efficiently conducted and that his ballot should not be cast as a matter of sentiment, but for that candidate or that party which shows the highest capacity for properly conducting the affairs of the State on strict business principles.

We ask the support of all patriotic citizens, regardless of their party affiliation, for the State ticket selected by this convention, and for the policies and principles above stated, believing that it will insure better days for Kentucky.

RESOLUTIONS ON TEMPERANCE.

In Resolutions Committee some measures came near defeat.

Driven to some stand on the liquor question the friends of Mr. Willson interpolated a weak endorsement of the County Unit Bill, passed by a Democratic Legislature. Here a fight was precipitated in which Dr. A. D. James, Judge A. H. Anderson, M. T. Galvin and Congressman J. B. Bennett fought the plank with vim and force. So its appearance in the platform was only by a vote of 7 to 6.

A large contingent of the party wanted the whole question ignored as one that was fraught with much danger. This portion of the party was represented in the Committee on Resolutions by Dr. A. D. James, Congressman-elect from the Third district. He wanted the committee to keep hands off.

Another element was insisted on an out-and-out declaration that would put the party in line with the temperance sentiment in the State and fight it out along that line.

The compromise element the committee won out. Geo. Long suggested the plank, which really did not bear upon the temperance sentiment in the State and fight it out along that line.

dependant accountant, who shall not be eligible to re-examine such books, vouchers, or accounts twice in succession.

Eighth—We demand a reform in the management of our public eleemosynary and penal institutions, to the end that they shall be operated by bi-partisan boards, upon proper business principles, and their inmates treated humanely.

Ninth—We favor the enactment and enforcement of a uniform local option law, with the county, as the governing unit.

Tenth—We demand that the public schools of the State shall be taken and kept entirely out of politics, and that the interests and welfare of the children shall have first consideration in all public school matters.

Eleventh—We call for better schools and school houses, for longer school terms in the country and better pay for the teachers, and that elections for school trustees be held on different days from other elections.

Twelfth—We condemn the law, passed for immoral political purposes creating the Racing Commission in Kentucky and demand its repeal.

Thirteenth—We condemn the enactment by the Democratic party of a large number of obnoxious tax laws and the creation of useless offices as the reward of partisan service, and we promise, if given power, to repeal all such laws and reduce the taxes to the lowest possible rate consistent with an efficient administration of the State Government.
